

ROOSEVELT HAS FINANCIAL PLANS

He is not in Sympathy With Currency Plan Advanced by Bankers' Association.

ington, Nov. 19.—President Belmont is in earnest in desiring action to be taken by congress finances. He will discuss the subject in a special message, a singular message. Roosevelt has clearly he is not in sympathy to meet currency plan advanced by the legislative committee of the Bankers' association, but he thinks that a plan can be devised for liquidation of other securities, such as municipal and other railway bonds that have been accepted as the best as security for government deposits in banks as better, safe, more adequate basis for bank notes.

President has come to believe in a plan for insurance deposits on other banks, through means of notes fund raised through a tax, would be more to establish in the banks of the country in order out of chaos than

Taft Will Meet Czar.
 Moscow, Nov. 19.—Taft and party are on the Trans-Siberian railroad at St. Petersburg this afternoon, in a specially equipped private car placed at his disposal. The party arrived at St. Petersburg on Dec. 17 and will be received by the Czar. The trip was well received here and the people on the journey westward are as great as are shown in the royal train.

SHORTAGE OF CARS.

Field Tied Up \$25,000 Worth of Hay.

Field, Nov. 18.—The people of this section are greatly incensed at the inconvenience caused by the cars. It seems to be utterly impossible to get cars. The market is flooded with hay, and five cars a day are shipped out for the next six weeks.

Fully \$25,000 to \$35,000 worth of hay is tied up and the farmers are beginning to feel the pinch. Business men are commencing to feel it will be like later on, when such a serious shortage now.

Commission at North Bay.
Nov. 18—The railway com-
mission will meet at North Bay to-
morrow to enquire into the Moore
road accident.

GOVERNMENT WITH BANKERS WILL RELIEVE STRINGENCY

Banks will open up Their Coffers to the West and Money Supplied for Movement of Grain—\$115,000 Worth of Canadian Bills Paid out to Detroit Employees—Canadian Banks Help out Detroit Institutions, While Canada Goes Without Money.

Ottawa, Nov. 19.—Hon. W. S. Fielding, in his return from Montreal reported to be interviewed as to the course of his conference with bank managers regarding relief for the week ending last. It is likely any statement will be made until the opening of parliament.

Ottawa, Nov. 19.—Hon. W. S. Fielding, minister of finance, has received a letter from the president of the Winnipeg banks, but made little of it went south, but a Detroit firm appears to have been successful in getting what they wanted.

A despatch from that city says: "Almost every large corporation, manufacturer and merchant in Detroit is singing the praises of the Canadian banking system just at the present time. The Canadian banks are certainly helping a lot of them over a

ing period. The Detroit banks, both national and state, are almost absolutely out of funds and have had to force the sixty day notice rule on

their deposits. Large manufacturing concerns enjoying even the best of credit can not even get funds to pay the wages of their employees, and many have had to pay the weekly and monthly wages in cheques, hoping that several of the department stores or smaller merchants will be able to cash them.

A number of the very large corporations, however, like the Detroit United Railway Company, the Edison Electric Company, the General Electric Co., and the larger drug manufacturing companies found that by paying a pretty good rate of interest they could get the money they needed at some of the buying banks. At some of the banks, such as the savings banks at Windsor, Amherstburg, Sarnia and other points, and they could go on for a long time. The banks, of course, are making a very handsome profit on the money.

It is understood, however, that the Detroit bank and its officers were ready to meet the demands, and it will not be surprising if the Winnipeg bankers are similarly ready to meet their effect. In fact it was said here yesterday afternoon semi-officially that the bank here would give all the money that was legitimately required in the west.

Assistance to Debtors.—The international movement in 1912 of the East-Canadian banks are apparently short of currency. A large quantity of it is said to have been sent to the United States, where some demands have been quite prepared to pay it. The people here are quite prepared to pay it.

For the first time in the history of Detroit Union Railway the entire pay roll, amounting to \$115,000, was paid in cash. The money was taken from the bank of Montreal and new bills of a Canadian bank that has its head office in Toronto. Another source of the cash was the Canadian silver, and in this way was able to give their employees part of their salaries in cash and part in bills. The money was not distributed all the money they can get and, on this account the Detroit banks are said to be anxious to improve their position.

COUNSEL FIGHT BIG
LEGAL BATTLE

Continued from page 1.

There was nothing to establish any relationship or acquaintance of Robertson and Clark, except the printing of their names together on a piece of paper.

The Chief Justice declined to admit the letter as evidence pending the hearing of an argument at a subsequent stage of the trial.

The letters were sent to the court clerk's office to be kept in the file, and the request to shut out a new yard in Nanton, and asking the protection of the Western association.

Robertson explained the letter, saying that he put all his capital into lumber, while his competitors, Cooper and Caldwell, were in several lines, and threatened if he did not obtain the protection of the association to pull out of the lumber business.

Letter From Clark to Cockburn. A letter dated 1904 from W. H. Clark to Secretary Cockburn was read, stating that there was no need of further yards in Edmonton. Another letter of 1905 protested against the granting of the application of the Union Lumber Company. The letter contained an intimation that he (Mr. Clark) desired to remain in the Western association.

Other letters from other members of the Western association were read to establish the fact that the association was established to restrict and control the number of yards at a given point. Such letters were read from D. C. Gossley, Lacombe, and R. C. Thoms, Calgary.

Reciprocity Not Observed.

Circular letters from Secretary Cockburn, the witness testified, were produced and read. These circulars were sent out after the annual meeting of the Western association in 1904 and 1905. The board of directors of 1905 was the effect that the reciprocity clause of the by-laws was not being observed by the active members. By the reciprocity clause was meant that any lumber firm that needed to buy lumber from those honorary members or millers who were members of the association, and in return the honorary members were bound to sell to those firms.

The reciprocity clause was strongly emphasized by Clark in a letter to Secretary Cockburn, wherein he stated that operation of this clause was the only protection and profit realized by the Alberta dealers.

Carelessness Noted in Salemen.

The circular of 1905 dealt with the carelessness of salesmen from the mills in selling to those persons prohibited in the by-laws, and in the case of the directors to the mills, with a permanent traveling secretary to enforce the by-laws rigidly. The secretary was appointed and acted under these instructions.

Mr. Woods then went into the details leading up to the formation of the Alberta Retail Lumber Dealers' Association and into the formation of the Alberta dealers from the Western association, which included several communications on the subject from W. H. Clark.

A Difference Existed.

The correspondence between Secretary Gossley of the Alberta Retail Lumber Dealers' Association and Secretary Cockburn of the Western Retail Lumber Dealers' Association was taken up in connection with the formation of the Alberta association. Apparently differences arose between the Alberta dealers and the Western association in Winnipeg. On May 28, 1906, a communication was sent from the Alberta retail dealers to the secretary of the Western association with certain requests for the territory to be controlled by each organization, insurance and arrangements with the manufacturers. The Alberta association requested the control of the whole province of Alberta, that the Western association give the Alberta dealers insurance in that organization, and that an arrangement be made with the manufacturers that none but legitimate dealers be supplied with lumber, and in the event of the mills ignoring this

STRATHCONA NEWS

LOCALS

The work on the tower of the new Methodist church is being rushed to completion and it is expected the exterior will be finished in a few days. Work on the new sidewalk between the main part of Strathcona and the bridge is being rapidly rushed to completion. The new sidewalk is already nearly half of the way completed. The new sidewalk is a most desirable piece of work. The hundreds who daily walk between the two cities are grateful for the much desired but long looked for convenience.

It is probable that the city council will hold a prolonged session this evening owing to the McIntyre case, which a number of the members will attend. The McIntyre case is a passenger to Lacombe this morning, where he will address a meeting this evening.

The McIntyre banquet this evening at the Strathcona hotel promises to be an immense success. Among the speakers to be present will be Premier Rutherford, Duncan Macmillan, the guest of the evening. Dr. J. D. Maynard, president of the Temperance and Moral Reform league, was a passenger to Lacombe this morning, where he will address a meeting this evening.

Arrangement they should be boycotted.

The reply of the Western association was favorable to the request of the Alberta association in regard to the appointment of territory, the Western association claiming that the town along the C.N.R. to Edmonton.

Cockburn Cross-Examined.

Cross-examined by Mr. Bennett, the witness testified that he was a member of the Western Retail Lumber Association from 1901 to the end of 1905. He had been for three years.

Referring to the by-laws, the witness testified that the secretary was explicitly interpreted therein. Witness stated he had more power than stated in the by-laws, for he was acting in the capacity of a member of the association, though the by-laws did not specifically delegate such powers.

Asked if there was any secret understanding that the clauses had been stated at the meeting other than that stated or implied in the language used, the witness stated the by-laws meant what they said.

Witness stated that the minutes of the annual meeting and the annual report were correct. All had been referred to the directorate of the Western

association in 1906. Those gentlemen were present at the meeting but they would certainly know about their appointment by circular letters and other means.

TO-DAY'S GRAIN MARKETS.

Winnipeg, Man., Nov. 18.—The wheat market has had a downward reaction today. Liverpool at one point showed a moderate advance, but closed 1/2c to 3/4c lower. The American market is followed, the close being at 1 1/2 to 1 3/4, with yesterday's close. The Winnipeg market follows the United States markets, and today's Winnipeg prices are: No. 1 Soft, 1.04; No. 2 Southern, 1.01; No. 3 Southern, 94; No. 4 wheat, 90; No. 5 wheat, 72; No. 6 wheat, 58; feed wheat, 50; feed No. 2, 41 1/2.

Black Hand in Ottawa.
Ottawa, Nov. 18.—The black hand believed to be the cause of the killing of Mr. and Mrs. Prince, 104, No. 2 Northern, 1.01; No. 3 Southern, 94; No. 4 wheat, 90; No. 5 wheat, 72; No. 6 wheat, 58; feed wheat, 50; feed No. 2, 41 1/2.

TIMES DISCUSSES CRISIS.

British Papers Comment on Weakness in U.S. Financial Situation.

London, Nov. 18.—The "Times" in an editorial discussing the financial situation in the United States, says this morning that more light on the subject is desired before the best informed people of London will be able to share Secretary to the Treasury Coghlan's confidence. At the same time it declares, it is necessary to keep a cool head and not be misled as to the more distant future by what after all is only a transient phenomenon; such a case as occurred in America before, though not on such a dangerous scale.

The real wealth and the sources of wealth of the great republic, the editorial continues, "have not been materially impaired by events of the crisis, what has occurred is the temporary paralysis of the medium of exchange."

Among other papers dealing with the same question the Economist thinks the American government must resort to an issue of inconvertible paper even at the risk of creating all the evils such an issue may produce. Like the "Times," the Economist says the real weakness of the situation lies in the absence of a central bank.

Logging Discontinued.
Camps Close Doors—Will Not Re-Open Until Spring.

Vancouver, B.C., Nov. 18.—The fact that orders are not being received by any of the mills is directly reflected in the closing of the logging camps. The lack of orders the result of both lumber and logs has been well marked, and it is expected that there will be no slaughtering at either during the winter. The majority of loggers who have suspended operations, do not expect to resume work till the spring when increased activity in the lumber trade will create a demand for raw material. The lumber conditions in Washington State are twice as bad as here. Many of the largest camps on the coast closed last week, and it is expected that within a 30-day time this industry will be practically at a standstill for the season that there is now no demand for logs of any description. Some mills operating their own camps have also laid off part of their crews.

BRYAN DEFENDS ROOSEVELT.
And Scores Men Who Would Withdraw Money From Bank.

Lafayette, Ind., Nov. 18.—Wm. J. Bryan, twice standard bearer of the Democratic party for presidency, replied to an audience here tonight that President Roosevelt should not be held responsible for the present financial stringency. Blame, he said, should be laid at the door of Wall Street gamblers. Bryan said the money who would withdraw money or deposit from the banks at the present time for hoarding purposes was like a man who refused to aid his country in time of war.

ALDERMAN WALKER'S ABSENCE.
It is improbable if Ald. Walker does not return to the city and no word is heard from him that the vacancy caused by his absence from the council board will be filled at the coming municipal election. The city clerk provides that an alderman must be absent for two months before his seat is automatically vacated, and this course would not occur till after the coming election. In the meantime there is no remedy for the temporary absence.

Ald. Walker is a member of five committees and chairman of two, from whom reports are being awaited by the council. They are on the general administration of the Exhibition, permanent health department investigations, cold storage by-law and isolation hospital building's contract.

The Young Men's Club of Grace Methodist church will meet in the lecture room of the church at 8 o'clock this evening. The proceedings will be of a social character. All men are invited.

Tourist Sleeping Cars.
For the further accommodation of steamship passengers sailing from St. John on November 20th, on the Empress of Ireland, the Canadian Pacific Railway will start from Calgary on train No. 18, November 20th, an extra tourist sleeping car through to St. John, N.B. For berth reservation apply to any C.P.R. agent or write W. E. Lovelock, Calgary, Alta.

Deaths of British soldier from Quebec (two p.m. fifteenth of November, with 128 and 129, 200 men and 100 horses) full rank class passengers, nine bookings for subsequent callings up to and including seventh of December ending in very rapid and intending resources are used to make reservations as promptly as possible.

Stimulation and Nutrition

STIMULATION is an immediate result.

NUTRITION is a slower process.

ALL preparations of Beef Extracts are stimulants, so that immediate results are noticeable.

BOVRIL is unique in that it possesses high nutritive value, and it is so easily assimilated that its strength giving properties are felt at once. Liebig the originator of solid extracts did not claim nutritive value for his discovery—nor was nutrition obtained in a Beef Extract until BOVRIL was discovered.

The charm of BOVRIL lies in the fact that with its tissue building power and its immediate energising effect, it is the most palatable of food preparations.

BOVRIL is standardized and what it does to-day it always will do.

ALWAYS have BOVRIL handy.

Due to the Death.

Vincent, Nov. 18.—The News Western Journal reports that Prince Arthur, of Wales, died three days ago was officially stated to have resulted from

pneumonia, died from a sword wound received in a duel with the Duke of Cambridge, brother of ex-King George V. of the United Kingdom. The duel, it is reported, was fought at Monaco, near Venice.

SPORTING NEWS

YALE BEAT PRINCETON.

New Haven, Nov. 18.—Yale won the great Yale-Princeton football game Saturday by a score of 13 to 10 in the 10th minute of the fourth quarter. The score was 10 to 0 at the end of the third quarter. The game was a close one, with both teams playing well. The Yale team was led by quarterback John H. Johnson, who threw for 100 yards and three touchdowns. Princeton's best player was fullback John H. Johnson, who ran for 100 yards and two touchdowns. The game was played in a heavy rain, which made the field very muddy. The Yale team was able to maintain its lead throughout the game, and finally won by a score of 13 to 10.

The Tigers crossed the Yale line early in the game for the first time in seven years. They repeated it again just before half time. With a score of 10 to 0 against Yale, the first half had been for and Princeton was weakened in the second half. The persistent pounding of Yale's backs soon began to tell and holes were found in the Princeton line. The game was perhaps the most keenly contested of any of the big games for many years. Yale scored 13 points in the second half.

OTTAWA COLLEGE WINS.

Ottawa, Nov. 18.—Ottawa College defeated McGill University in the first game in the college league. The final score was 10 to 0. Ottawa was the victor in the championship.

VARSITY BEATEN.

Kingston, Nov. 18.—Queen's University defeated Varsity football in one of the hardest games played this season by a score of 4 to 3.

THE COLLEGE LEAGUE.

Ottawa, Nov. 18.—The following are the results of the college league games played today:

Ottawa	10	0
McGill	0	0
Queen's	4	3

TIGERS TOOK LAST.

Toronto, Nov. 18.—In the last inter-provincial game of the season, the Argonauts defeated the Argonauts by a score of 15 to 7.

INTERPROVINCIAL LEAGUE.

Montreal, Nov. 18.—The following are the results of the inter-provincial league games played today:

Montreal	15	7
Ottawa	10	0
Argonauts	15	7

THE YANKEES CROWING.

New York, Nov. 18.—Barring unforeseen accidents, America will have the victorious athletic team at the next Olympic Games, which will be held in London next August. The acquisition of several world record-holders to the list and a noticeable improvement in all those who competed at Athens last year, the Yankees team almost certain to set up an unprecedented number of points.

The athletes who will leave—these athletes for this meet will be the greatest in quality and quantity have ever competed in an athletic meet in the history of sport. No other country has on the face of the earth compares with them. In every branch of sport—from the dash to the five-mile, from the Marathon race, and from swimming to weight-lifting—the sturdy men of this country collected together will be the best of any other nation.

Nearly two hundred of them will make the trip, and of this number there is scarcely a man who has not shown championship form at one time or another. Nearly all the former Olympic champions will be among them, and with them will be as many more who during the past year have developed into champions of the highest caliber.

Even at this early date many events are conceded to the Americans. And with such invincible men as Martin Sheridan, Ralph Rose, Matt McGrath, John Daly, Melvin Sheppard, George Bonag, Paul Fleming, Ray Berry, Hark, Kelly, Eaton, Hamilton, Smith, son, Huff, Eilers, Sheehan, Bellamy, O'Connell, Payne, Shuman, C. Pringle, and Finnegan representing us, there is every reason that the foreign nations should fear the results.

Sheridan, besides being the greatest dash thrower, is probably the greatest all-around athlete in the world, and for this emblem he is looked upon as a sure winner. He can throw all the weight, jump, vault, and run better than any other man in this country, and no one here knows of any one in any other land who is his equal. Undoubtedly, the world's record holder for throwing the hammer, is conceded the greatest in this event, and should McGrath fail, through accident to do his best, John Finnegan, of the Irish-American Club, will be on hand to defeat the best of the other nations.

With Tom Longboat, the Indian distance runner, on John Daly, the national champion distance runner, and his climber, George Bonag, while the latter is not considered as good as Daly, he has demonstrated his prowess as a walker, and he will attempt to win the walking events.

At present there is no half-center in this country the equal of Melvin Sheppard, and as America is considered to have the best middle-distance runner in the world, this Irish-American, a champion of defeating the world's best, Melvin Sheppard, of the New York Athletic Club, best the last man in the world at the 1000-yard race, and is as good as won as he then. If he continues to maintain his form he is expected to displace his victory of last year, and he will have had four years of his best.

If he continues to maintain his form he is expected to displace his victory of last year, and he will have had four years of his best.

League this winter. This announcement was made by a prominent officer of the University Association. The college club has practically completed arrangements, and all that is now awaited is the consent of the faculty, which will probably be granted in a day or two. Ottawa College has secured a gold mine to the other clubs in the football union, and several times the locals have been invited to join the hockey league. Two years ago Ottawa College had a fast little team in the city league, but the college team was withdrawn by order of the faculty, on account of the dirty work being practiced by the other teams, and last year the septet did not play in any organized association. Recently, however, the students commenced to talk hockey, and the college considered very favorably the invitation to enter the Intercollegiate Union.

Consequently, it is altogether likely that the application of Ottawa College for admission into the Intercollegiate will be received at the next meeting of that organization. There is some excellent hockey material at the University just now, and the crack team can be put on the ice. Nick Hawley, the football full-back, who is in command.

THE REAL MIX IN OTTAWA.

Ottawa, Nov. 18.—There is much misleading information being rolled out at wholesale regarding the Ottawa hockey situation. A newspaper man Jack Layton has been signed, another that the salary question has been raising all the trouble. Layton has never been in touch with the club although an offer was made to secure him some two weeks ago. The salary question has never entered into the discussion.

To put the matter as tersely as possible, the players and the Ottawa Hockey Club have an annual meeting called, which the present executive refuse to do. The players claim the annual meeting of the club can be called by a requisition of the members if the executive board refuses to do so. According to the constitution the regular date for the annual meeting is the third Thursday in November.

It is further claimed the league meeting last Saturday was not authorized by constitution till the first Saturday in December, and on the absence of consent from the Ottawa Hockey Club its proceedings are rendered null and void. It is further claimed the meeting was brought forward to take advantage of it before the annual meeting of the hockey club. The executive says the players have no right to demand a vote in the running of the club.

OTTAWA COLLEGE WILL PLAY.

Ottawa, Nov. 18.—The Ottawa University Athletic Association has been represented in the Intercollegiate Hockey League.

Doors open at 7.30 in the afternoon and 7.30 in the evening.

The Water street hospital, with a broken collar bone, was the last forward player in the City League last year, and has shared a couple of games with the "Prospects." In fact, he is very bright, and there is no reason why he should not make a big hit in the Intercollegiate Hockey League as they have done in the football union.

Arrangements will be made to transfer and play the matches of the new Bismark rink, or the Laurier Avenue Arena.

SPORTING BRIEVES.

Edward J. Weston, the Portland Chicago politician, has a rival in F. J. Larkin, who is walking from Philadelphia to Junction City, Kan. Larkin walked from Junction City to Philadelphia this summer and is now returning the same way.

Heater, the Indian full back of Carleton, can make a spiral pass for a distance of more than 40 yards.

St. Louis is to follow the example of Chicago, and have a bunch of semi-professional baseball teams next season. The semi-pro league in Chicago is reported to have made big money this year.
